EDUCATION

Vellore Institute of Technology

Aug 2022 – May 2026

B.Tech. Computer Science & Technology (Core)

CGPA: 8.21

Jain International School, Aurangabad

2022

CBSE Class XII

Percentage: 76.6%

Jain International School, Aurangabad

2020

CBSE Class X

Percentage: 92.6%

TECHNICAL SKILLS

Programming Languages: Python , CPP

Frameworks & Libraries: React.js, Nodejs, Express.js , Mongoose , Bootstrap, TailwindCSS, Framer Motion

Databases & Tools: SQL

CS Fundamentals: OOPs , Operating system , DBMS

Cloud & Deployment: PartyRock, Vercel

PROJECTS

Uplift Your Emotional Companion | React, PartyRock, Vercel

2025

- Built a chatbot using PartyRock to design prompt-driven conversational workflows without backend code.
- Architected a responsive React.js frontend to support user interactions and smooth conversational flow.
- Implemented a chat snapshot feature enabling users to save and revisit meaningful AI conversations for reflection and progress tracking.

Live Stress Monitoring System | React.js, IoT Sensors, TailwindCSS

2025

- Directed a team of 4 in creating a real-time health monitoring system, integrating IoT sensors with ML models for stress prediction.
- Built dashboards for live health insights, empowering users to track SpO₂, heart rate, and temperature with 90% accuracy.
- Implemented real-time alerts for abnormal readings, reducing detection delay by 60%.

SCHOLARSHIPS

Next Generation Tech Booster Scholarship | Python, PartyRock

2024

- Selected among top 1% globally for Udacity's AI Programming with Python Nanodegree, fully sponsored by Bertelsmann.
- Completed the AI Programming with Python Nanodegree program in the 2 Month time period.
- Applied Python-based AI concepts to design and develop a real-world project as part of the program's capstone challenge.

LEADERSHIP EXPERIENCE

Marathi Club | Event Management Lead

2024

- Orchestrated annual Ganpati Festival for 500+ students, managing all logistical and operational aspects.
- Coordinated 2-day cultural events ensuring seamless execution and high attendee satisfaction.

ACHIEVEMENTS AND CO-CURRICULAR ACTIVITIES

- Solved **450+ LeetCode problems**, consistently ranking in the top 15% of global competitors on algorithmic challenges.
- Completed **100 Days of code Challenge** (DrGVishwanathanChallenge), consistently solving DSA problems in python for 100 Days on Leetcode.
- Volunteer Work:** Active Member at **Tej Gyan Foundation**, contributing to value-based learning, community awareness initiatives, and programs promoting mindfulness and social well-being.
